
COM - YARDAGE GUIDE

All COM yardage requirements are based on 54" wide plain or textured goods that require no matching. For stripes that require matching add 10% to yardage requirements. COL requirements are based on clean, undamaged 50 square foot hides. Additional COL may be required if we receive smaller, flawed or half hides. All yardage requirements are approximate. Donghia is not responsible for under or over quoted COMs.

Pattern Placement: Please note that special or specific pattern placement may require additional yardage. Please inquire.
